AMINA A. WHITE

EDUCATION/TRAINING

2012-present Postdoctoral Fellow, National Institutes of Health, Clinical Center, Department of Bioethics
2010 Board Certification in Obstetrics and Gynecology
2009-2013 M.A. Liberal Studies, Ethics and the Professions, Georgetown University
Thesis: *Best Practices for Limiting Risk of Posttraumatic Stress Relapse during Childbirth*
2004-2008 OB/GYN Residency, Georgetown University Hospital
1999-2004 M.D. Harvard Medical School
1995-1999 B.S. Biology, Yale University

WORK EXPERIENCE

September 2014 to present **Faculty, National Institutes of Health, Clinical Center**, Department of Bioethics
Bethesda, MD

August 2008 to present **Assistant Professor, Howard University College of Medicine**, Department of OB/GYN
Washington, DC

August 2008 to present **Attending Physician, Providence Hospital**, Department of OB/GYN
Washington, DC

RESEARCH

2012-2014 **National Institutes of Health**, Bethesda, MD
Intramural Research Training Award Fellow
Explored ethical approaches to patient-centered care through the strategic use of electronic health records in the clinical encounter, patient activation and engagement of disadvantaged or marginalized patient groups, and trauma-informed practices in obstetrics and gynecology for women who disclose a history of past abuse. Conducted qualitative research study obtaining abuse survivors' perspectives on how they would prefer to be asked about a history of trauma in prenatal care.

2006-2008 **Georgetown University Hospital**, Washington, DC
Research Assistant, supervisor Aimee Barton, MD
Performed retrospective chart review of infection complications for preterm infants hospitalized in the Georgetown NICU possibly related to antibiotics administered to mothers with ruptured membranes prior to delivery.

2003-2007 **Brigham and Women's Hospital**, Boston, MA
Research Assistant, supervisor Louise Wilkins-Haug, MD, PhD.
Conducted a chart review investigation of the pregnancy outcomes and childhood prognoses of babies antenatally diagnosed with omphalocele.
