- Jin Y, Shenoy AK, **Doernberg S**, et al. FBXO11 promotes ubiquitination of the Snail family of transcription factors in cancer progression and epidermal development. *Cancer Letters* 2015;362(1):70-82

OTHER PUBLICATIONS

- **Doernberg S**, DiPietro J. Teaching Neuroscience in Prison. *The Atlantic*, April 10, 2016

HONORS & AWARDS

- Top Poster and Presentation in Molecular/Cell Biology, Cornell Undergraduate Research Board, Spring Forum 2015
- Honorable Mention, Writing in the Majors Best Essays, 2014-2015 Academic Year

- Dean's List, 5 Semesters

POSTERS AND PRESENTATIONS

- Physician-assisted dying (PAD) for psychiatric patients in the Netherlands: an empirical study of capacity evaluations for PAD eligibility. American Society for Bioethics and Humanities. Presentation; October 2016
- Shared Decision Making and Innovative Therapy. Johns Hopkins Partnering with Patients Conference, Summer 2016
- Snail Transcription Factors in Carcinoma Metastasis. Upstate New York *C. elegans* Meeting, April 2015
- Snail Transcription Factors Regulate Cell-Cell Adhesion, Seam Cell Fusion. Honors Thesis Presentation, Cornell Undergraduate Research Board (CURB), Spring 2015

EXTRACURRICULAR EXPERIENCE

- Undergraduate Representative, Academic Integrity Hearing Board, Cornell University, Fall 2014 – Spring 2015
- Student Representative, Dean's Advisory Council, College of Arts & Sciences, Fall 2014 – Spring 2015
- Vice President of Finance, Phi Delta Epsilon Premedical Society, January – December 2014
- Executive Board, Cornell Hillel. Chair of Community Service (2012 Academic Year); Chair of Israel Awareness (2011 Academic Year)
- Volunteer EMT, Israeli Red Cross, January – May 2011
